

CSWC Operational Period Summary

0600 June 06 2014 to 1800 June 06 2014

Cal OES Headquarters

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major Construction U.S. Highway 50, Sacramento, Sacramento County

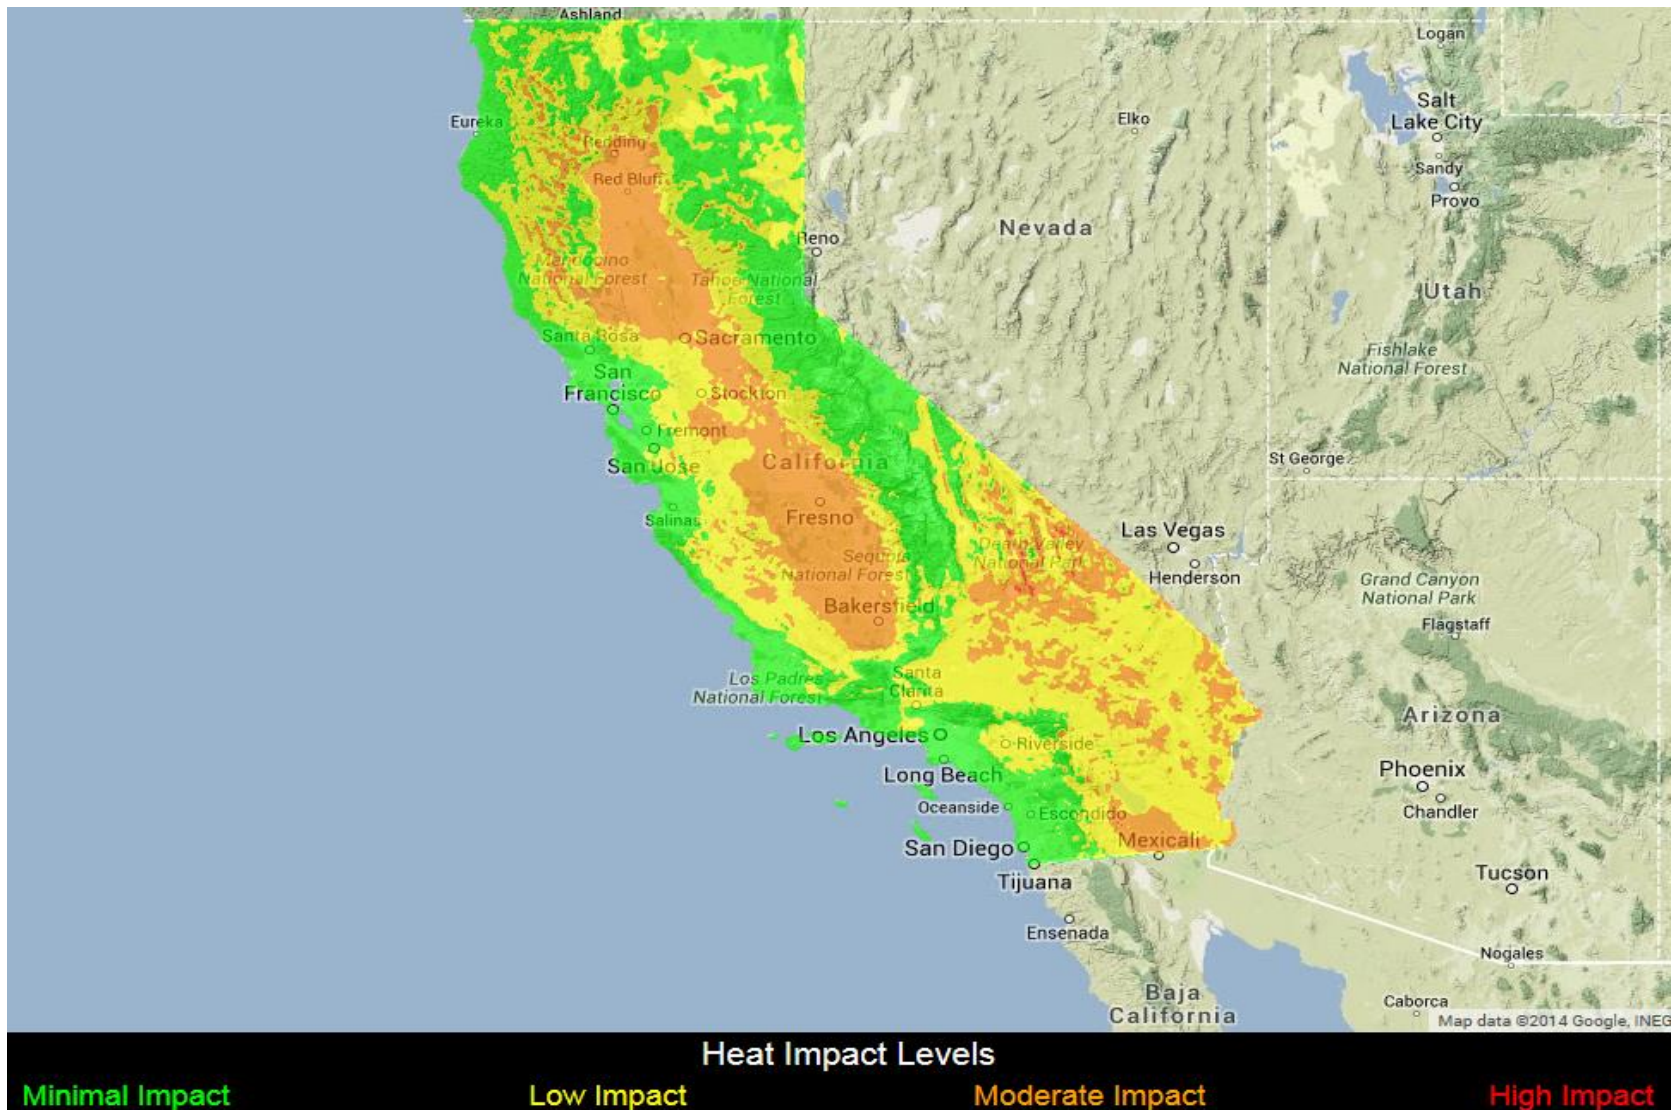

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.
- Westbound Phase 1 and 2: May 27 – June 25
- Westbound Phase 1 was completed 5 days early on Thursday 06/05/14
- Westbound Phase 2 construction began June 6
- Westbound Phase 2 will still take 15 days to complete
- Please see “Fix 50” slides for additional information, including alternate routes.

SITUATION SUMMARY

Significant Weather

- NWS is predicting some near record temperatures in portions of NWS Sacramento and other areas of CA. This Sunday has the potential of seeing valley readings near or at records in many central and Northern Valley locations, as well as across Southeast CA in the San Diego area. San Diego looks to hold onto the heat into Monday as well.
- Temperatures are expected to reach the low 100s over the weekend and as high as 105 on Sunday before dropping back down 3 to 5 degrees on Monday. Overnight temperatures will be in the low 60s to the low 70s which will bring some relief from the hot daytime temperatures.
- With the approach of summer, though the state remains in the Phase I Alert condition of Seasonal Readiness, as outlined in the State Contingency Plan for Excessive Heat Emergency, State Agencies/Departments are advised to review existing plans, procedures and resources, to facilitate preparedness for and response to possible excessive heat events, and closely monitor the situation and inform Cal OES of any heat related issues or concerns.
- The California Utilities Emergency Association (CUEA) reports that all power providers and Cal ISO have sufficient capacity to meet expected demand, and no advisories or restrictions are anticipated at this time.
- The California State Warning Center continues to monitor the weather statewide for heat or fire weather of concern and state power grid issues, and Cal OES Regions will remain in contact with Operational Areas (Counties) to monitor heat events which may impact local communities, facilities or agencies.

SITUATION SUMMARY

SITUATION SUMMARY

Significant Weather

- A Red Flag Warning is in effect from 1400 hours until 2000 hours Friday for the far northeast corner of Del Norte County.
- A Red Flag Warning is in effect until 2000 hours this evening for portions of Siskiyou County.
- A Fire Weather Watch is in effect from late Saturday night through Monday afternoon for portions of Butte, Colusa, Glenn, Lake, Plumas, Shasta, Sutter, Tehama and Yuba Counties.
- An Excessive Heat Watch will be in effect from Sunday morning 06/08/14 through Monday evening 06/09/14 for portions of Inyo and San Bernardino Counties below 4000 feet.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A ridge over the area will bring interior locations dry conditions and above normal temperatures for the next few days. The coast can expect low clouds each night and morning followed by clearing each afternoon.

San Francisco Weather:

Warmer temperatures this weekend as high pressure builds along the west coast. high temperatures inland will be in the 80's and 90's while the coast remains in the 60's and 70's. cooler weather returns next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Hot temperatures will continue into Monday with a modest cooling trend through the course of next week. A slight chance of thunderstorms will be possible along the Sierra on Friday and Sunday afternoons and evenings and along all the mountains on Monday.

Hanford Weather:

A warming trend is expected over the region through the weekend as high pressure builds along the west coast. Slight cooling is expected by the middle of next week.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A cooler air mass in place today will give away to a warming trend over the weekend as a ridge of high pressure builds in from the west. Temperatures well above seasonal normals and summer-like Weather will develop through Sunday and linger into Monday. A cooling trend should develop for the remainder of next week as a broad trough of low pressure moves over the west coast.

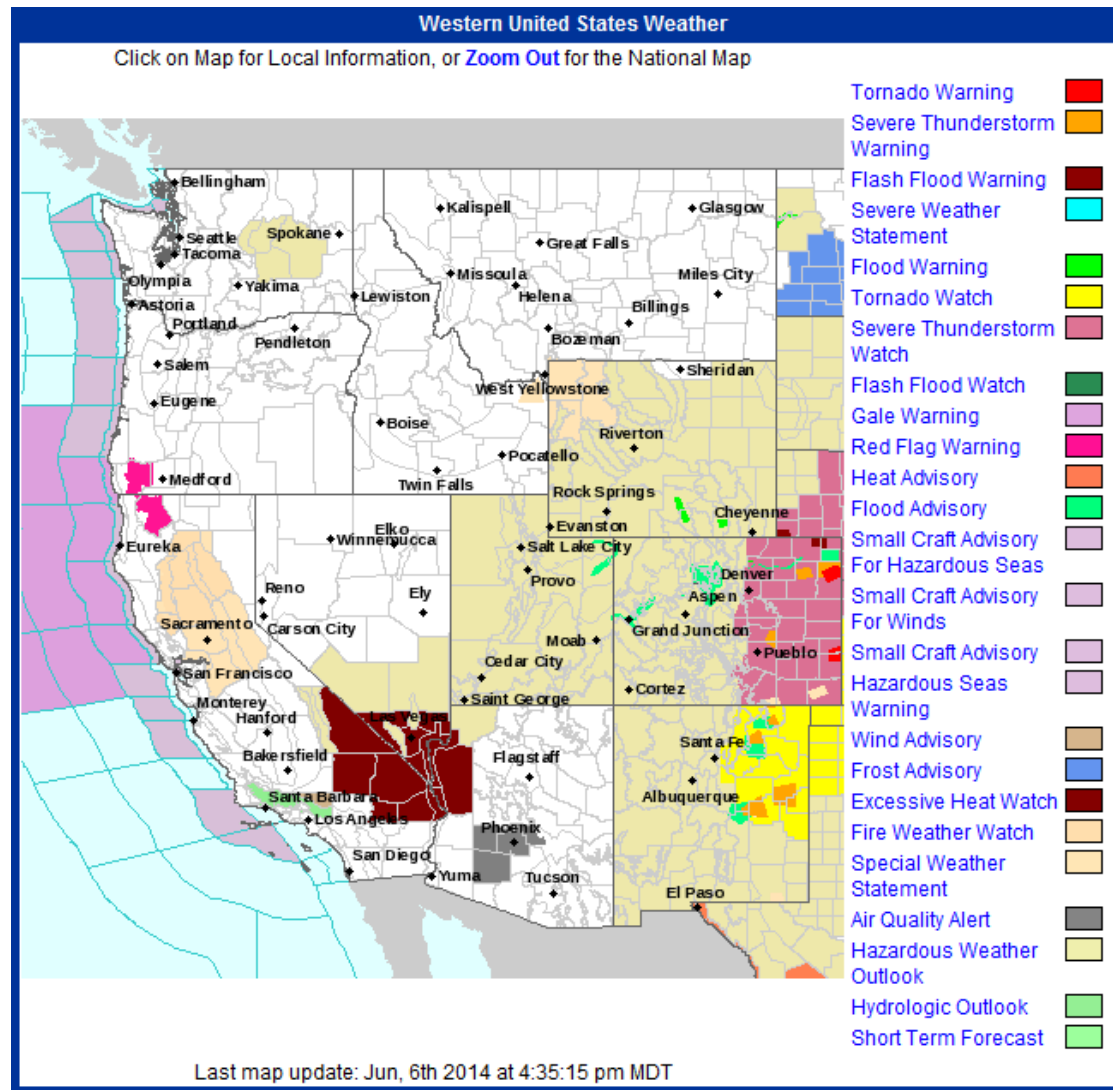

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Seasonal weather will continue into next week, with locally gusty west winds in the mountains and deserts during the late afternoons and evenings. The marine layer will keep coastal areas cooler with areas of night and morning low clouds and fog. Sunday and Monday will be warmer with less marine layer low clouds and fog during the nights and mornings. Temperatures will return to near normal for Tuesday through the end of next week, with a deepening of the marine layer for more extensive low clouds and fog during the nights and mornings.

Southeast California Weather:

Strong high pressure centered over northern Mexico will maintain above normal temperatures and completely dry conditions into at least the middle of next week. Weak weather disturbances passing through the region will lead to some fluctuations in temperatures with slight cooling this weekend, but with a resumption of hot weather early next week.

“Fix 50” Information

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Westbound Highway 50: May 27 – June 25

Phase 1: May 27 - Jun 10

- Westbound Phase 1 was completed 5 days early on Thursday, June 5.

Phase 2: June 6 - June 25

- 2-3 outside lanes will be closed. Inside 3 lanes will remain open.
- Ramp closures:
 - Connector ramp from westbound Business 80 (Capitol City Freeway) to US-50 West. Hornet Drive near Sacramento State is the alternate route.
 - Reduced lanes on connector ramp from Hwy 99 North to US-50 West (will merge down to one lane).
 - 16th Street off-ramp.

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the WESTBOUND direction (May 27 – June 25):

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling on Business 80 West during Phase 2 (Closed connector ramp from Business-80 West to US-50 West):

- Get on US 50-E and use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West
- For WB Business 80 to downtown, use Highway 160

***Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Fix50 Project Update: Friday, June 6

It was a productive day on the Fix50 project. The contractor completed the work for Westbound Phase 1 five days ahead of schedule and has begun Phase 2. Here are some updates:

Progress over the last 24 hours:

- Completed Grinding and profiling
- Completed Skid Test
- Completed Striping
- Completed Sign placement
- Closed westbound Business 80 connector ramp to westbound Hwy 50 and 16th Street off ramp
- Completed westbound traffic switch from outer lanes to interior lanes for Phase 2
- Column casings work continued underneath project area

Over the next 24 hours, crews will:

- Begin saw cutting and demolition work of approach slab
- Begin demolition work of exterior barrier wall
- Column casings work continues underneath project area

In the coming week:

- Bead blasting surface and dowel hole cleanup

Traffic:

- Traffic delays through the construction zone this morning averaged 10-15 minutes during peak commute hour
- While traffic improved greatly today, Caltrans expects to see longer delays next week

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. A more recent update using automated devices shows snowpack at **3%** of normal as of May 30.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-3779** Air Force Rescue Coordination Center (AFRCC) reports a PLB sounding near Balloon Dome Mountain in Madera County. The International Response Emergency Coordination Center (IERCC) also reports a SPOT device activation in the same area. The device owner's contact reports that the owner is kayaking with a group on the middle fork of the San Joaquin River. The Cal OES Law Enforcement Branch Duty Officer is coordinating resources. All devices silenced one person medevaced to Fresno Memorial Hospital for unknown injuries. **Mission Closed**
- **2014-LAW-3773**, 06/05/14, 1215 hours, AFRCC advised the Warning Center of a voice mayday call that the United States Coast Guard, District 11 had monitored on channel 16 on the maritime radio. The coordinates plotted to an area in Sacramento County 38 degrees 18 minutes North, - 121 degrees 21 minutes West. This was an agricultural area in Sacramento County. Sacramento County Sheriff's Department (SCSD) was advised. Update 06/05/14, 1435 hours: SCSD stated they searched the area by land and air with negative results. **Mission Closed**

Ongoing Cal OES Missions

- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.

Closed Cal OES Missions

- **2014-LAW-3775** Santa Barbara County Sheriff's Department is requesting Search Dog teams and ground searchers to locate missing 51 year old person. The Cal OES Law Enforcement Branch Duty Officer is coordinating resources. [Update 06/05/14, 2107 hours: SBSD advised that they had located M/P alive and well. All resources cancelled.](#) **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
